

## 2024 Scholarship Application

A scholarship competition for any high school senior in support of their post-secondary education.

### Guidance Counselor vs School Counselor

In 1990, the American School Counselor Association (ASCA) officially requested that the profession move away from the term “guidance counselor” which emphasized vocational guidance only, and adopt the term “School Counselor,” to better illustrate the professional scope of their role.

### The Role of a School Counselor

School counselors are certified/licensed educators who address the needs of ALL students by implementing a comprehensive school counseling program. School Counselors help students apply academic achievement strategies, help students manage emotions and apply interpersonal skills, address equity and access issues, assist with increasingly complex social challenges, and help students with career and post-secondary planning (higher education, military, work force).
